

Huron County Master Gardeners Host

SPRING BUS TRIP

Take in a seminar on new and unusual perennials at Kridler Gardens, a 40-acre botanical garden and home to a garden center specializing in rare perennials, trees, and shrubs. They also specialize in hosta with an inventory of over 100 cultivars. The entire property covers over 100 acres of native woodlands, walking paths and landscaped grounds.

Then travel to Huston-Brumbaugh Nature Center for some free time to explore plus a seminar on research being done on the effects of power lines on plants, insects and birds.

Finally, our last stop will be Breitenbach Wine Cellars. Nestled among the rolling, picturesque hills of Ohio's Amish countryside is Der Marktplatz. Breitenbach is the exclusive producer of an extensive array of award-winning grape, fresh fruit, berry wines and Dandelion wine!
